**GOVERNOR'S  
HOMETOWN AWARD**

**Marion Senior Citizens Center**

**Wins Governor's Hometown Award**

Since 1983, the Governor's Hometown Awards (GHATA) program gives formal recognition to those who contributed to projects that improved their community's quality of life. These projects are sponsored by local units of government that had strong volunteer support, met a need, and made a definitive impact, thereby generating a positive outcome in the community and by extension, the state. The program is administered by the Serve Illinois Commission, the Governor's Commission on Volunteerism and Community Service.

We are pleased to announce that the Marion Senior Citizens Center has been selected as a recipient of this year's award in the category of "Healthy Futures." Our center quickly adapted to provide and expand services during our pandemic, being one of the few to continue operation. A virtual ceremony was held with the State of Illinois and staff. We were presented with a plaque and signs for our city entrances indicating we are an outstanding community who has won one of these prestigious awards. We are extremely proud to serve you and help make a positive impact on the community we serve.
